Education

ACLC College of Mandaue

Bachelor of Science in Information Technology,

M. C. Briones St, Mandaue City, Cebu

June 2019

Jugan National High School

Jugan, Consolacion, Cebu

March 2015

Experience

MUVR

UI/UX Designer

Los Angeles, California, United States

January 2026 - April 2026

- Integrated user-facing designs with development teams by delivering precise handoff specs and reusable UI component libraries, directly reducing front-end implementation inconsistencies and accelerating development workflows.
- Designed and maintained scalable UI component systems that mirror reusable code and library principles, enabling consistent, efficient builds across multiple product cycles.
- Identified and resolved UX bottlenecks and navigation pain points through usability testing and competitor analysis, improving task completion efficiency by an estimated 25%.
- Collaborated cross-functionally with developers, QA teams, product managers, and stakeholders within Agile/Scrum environments to ship scalable solutions on tight product cycles.
- Delivered responsive, mobile-first interfaces with improved accessibility and visual consistency across devices, directly aligned with responsive and mobile-first development standards.
- Facilitated sprint reviews, stakeholder workshops, and design presentations that reduced revision cycles by approximately 20%, demonstrating strong communication and project coordination skills.
- Managed multiple concurrent project workstreams, consistently meeting deadlines under evolving and fast-changing requirements.

KODA Kollektiv Inc.

UI/UX Designer

A. S. Fortuna St, Tipolo, Mandaue City, 6014 Cebu

October 2020 - August 2025

- Led end-to-end UI/UX design for 15+ clients across healthcare, recruitment, education, wellness, and service sectors — including international projects — delivering responsive web and mobile interfaces aligned with business and technical requirements.
- Built and maintained scalable design systems and reusable UI component libraries in Figma and Adobe XD, reducing design revision requests by approximately 30% and cutting production time across projects.
- Conducted UX research, usability testing, and competitor analysis to surface user pain points and drive measurable improvements, mirroring a developer's responsibility to identify and resolve performance bottlenecks.
- Produced detailed developer handoff documentation and design specs that improved implementation accuracy and reduced front-end inconsistencies — bridging the gap between design and development.
- Collaborated with developers, QA teams, product managers, and stakeholders to deliver technically feasible, business-aligned solutions within Agile/Scrum workflows.
- Designed and integrated responsive landing pages and digital assets that supported brand identity, demonstrating working knowledge of responsive, mobile-first design principles.

- Managed multiple concurrent client projects while consistently meeting deadlines in fast-paced, deadline-driven environments.

Northern Energy Sales & Services

Office Staff/Designer

Pagutlan, Yati, Lilo-an, Cebu
February 2020 - September 2020

- Created branded internal materials and ID systems to maintain a cohesive company visual identity.
- Supported administrative workflows, improving data organization and accuracy in sales reporting.
- Assisted in design-related tasks and documentation that supported team productivity.

RipeConcepts, Inc.

Design Associate

Ayala Center Cebu Tower, Bohol Ave, Cebu City, 6000
September 2019 - December 2019

- Edited and prepared 30–50 greeting card proofs per day based on existing design templates, ensuring accuracy, color consistency, and print readiness.
- Optimized production workflows by maintaining template libraries and standardizing file structures, which improved output efficiency.
Collaborated with creative and production teams to meet design specifications and tight client deadlines.
- Assisted in developing and refining new seasonal layouts and concepts, contributing to team brainstorming and design innovation.

Certifications & Trainings

Social Media Manager & Graphic Designing Online Masterclass: Sync2VA (2025)

Open House Workshop: Zuiitt - Coding Bootcamp (2025)

Google DevFest: Participant (2025)

Artificial Intelligence for Communities Workshop: Vjal Institute (2025)

Virtual Assistant Training: LimitBreak (2025)

Skills & Interests

Design Tools: Figma, Adobe XD, Photoshop, Illustrator, InDesign, Canva, CapCut

Virtual Assistant Tools: ClickUp, Trello, Notion, Make, Google Calendar, Zoho

Development (basic): HTML, CSS, Tailwind CSS, React JS, PHP, Python, WordPress, Wix

Languages: English, Visayan, Tagalog, Japanese (basic)

Highlights

- Experienced in creating user-focused digital products from concept to final delivery.
- Skilled in building and managing scalable design systems.
- Strong collaborator with cross-functional teams to align design solutions with business goals.
- Passionate about accessibility, clean design, and enhancing user experience through thoughtful interaction design.
